

CLIENT
ANDY COLLINS

LOCATION
WHANGANUI, NEW ZEALAND

DATE
AUTUMN 2017

TERRAIN
EASY/MEDIUM

INFRASTRUCTURE
GROUND BASE OPERATION
3 SKID SITES
HARVESTED 2 SITES OVER
A 12 MONTH PERIOD

Background

- Block Size: 8Ha
- Sheep and beef farmer
- F360 known entity actively working in the Whanganui district
- F360 had completed previous blocks
- Had heard good things from associates and their experience working with Stacy and F360 Team

Response

- Came out with “what they said they would”
- Got more volume than estimated and the actual net result was significantly higher than what was estimated per tonne and per hectare
- Overall we were really satisfied with the job and how it was managed

“They were professional and upfront about everything from the get go and did a great job considering the circumstances they faced with weather and site. The experience was a seamless one so I take my hat off to them.”

“ These guys saw the job through from start to finish. Stacy, our Operations Manager, was across everything and always had the information we needed on hand.”

Andy Collins
Farmer, Whanganui
